Note: Data were adjusted for non-responses and weighted to the population of the geographic area.

^aMetropolitan areas with at least 500 survey respondents are shown. Areas were defined by OMB Bulletin 05-02, June 6, 2003.

^aMSA (MSA) = a group of counties comprised of a city or urbanized area of at least 50,000 inhabitants and surrounding contiguous counties.

^aMetropolitan division is a metropolitan statistical area containing a single urbanized area with a population of 2.5 million that has been subdivided into metropolitan divisions, which function as distinct social and economic areas within the larger metropolitan statistical area. a Micropolitan statistical areas are geographic entities defined by the Office of Management and Budget (OMB) with an urban core of at least 10,000 but less than 50,000 population.

^bNo leisure-time physical activity = no reported leisure-time physical activities (i.e., any physical activities or exercises such as running, calisthenics, golf, gardening, or walking) in the past month.

^c% = estimated proportion of the population.

^d95% CI = confidence interval.
